

The fabric delivery sheet is an overview of all your fabrics and the respective models which are supposed to be incorporated into the order.

Please, also make sure to attach the respective swatches in the squares provided (desired forefront facing up).

This sheet will ensure that you go through all your fabrics calculations once again and is a safety precaution for our better understanding of your order.

It will also help you to make sure that you have sent us all the fabrics necessary for your production.

Should you be in need of assistance, please get in touch with Igor at igor@slowfashion-fast.com Thank you!
